

## EDISI - A LEARNING & CONTENT MANAGEMENT SYSTEM

NUDA Limited, in collaboration with its IT solutions partner REQA Pte Ltd, is committed to providing e-learning solutions focused on the Malay language to complement existing efforts to enhance the capabilities of the schools.

Our value proposition is not just to provide the schools with a learning tool, but also a suite of services, content and technologies that are innovatively integrated and customizable with the purpose of meeting the specific needs of the school. Please see Table 1 for a summary of our solutions and Table 2 for our various costings:
